"Air Devils" to Land on Sequoia Screen

Dick Purcell and Larry Blake, in "Air Devils," which will share double-bill honors with "Holiday," starring Cary Grant and Katharine Hepburn, at the Fox Sequoia on Sunday, Monday and Tuesday. The regular Summer mid-week matinee policy commences on Tuesday at the Sequoia, with matinees at 1:30 every Tuesday and Thursday thereafter.

LOCURTO FREED AFTER TAKING PAUPER'S OATH

John Locurto of San Jose was released from San Francisco's county jail at San Bruno Monday after taking the pauper's oath before U. S. Commissioner E. E. Williams.

Locurto was arrested more than a year ago after a raid by alcohol tax unit agents on his Almaden Rd. residence in San Jose, in which a quantity of liquor was confiscated. He was sentenced to serve a year in jail and pay a \$500 fine.

Locurto began his sentence in the county jail at Redwood City, but was transferred to the San Francisco jail by Federal Judge A. F. St. Sure after federal officials received reports Locurto was receiving special privileges in the local jail. Sheriff James J. McGrath, at that time ill in a San Francisco hospital, denied the charges and promised an investigation when he recovered. Results of the investigation, if made, have not been told by the sheriff.

After Locurto served the one-year sentence, he served another 30 days in default of payment of the fine.

Winzler Gains \$1800 Award

When Richard J. (Dick) Winzler of Redwood City receives his doctor of philosophy degree in biology (physiology) from Stanford University at commencement exercises Sunday, he merely will be passing another milestone in his quest for knowledge.

The former Stanford boxing captain has been awarded one of the highest honors possible to obtain at the university—the Sterling Research Fellowship at Yale University.

This carries a stipend of \$1800 and is for post doctorate research. The recipient has freedom to carry out his own ideas in research with all the fine facilities of Yale at his disposal.

Winzler received his B.A. from Stanford "with great distinction." His work under the direction of Dr. J. Percy Baumberger, professor of physiology, has been concerned with the degradation of energy in yeast cell metabolism. By means of a device which measures heat with great accuracy, even when it is very slowly evolved, Winzler showed many interesting differences in the vital fires of the cells when they were combusting their own stored materials, as contrasted with their chemical activities when outside sources of food were at their disposal.

His work throws light on the inability of the cells to use their energy efficiently for the synthesis of reserve materials. The processes in yeast are sufficiently similar to those in animal cells so that useful analogies may be drawn.

James Rolph Economy Plan Files Papers Wins Approval For State Post

Kane's Entry Surprise;
M. P. Man Seeks Job
Held by McAuliffe

After a two-day lull, political activity at the county clerk's office increased Wednesday with final filing date for the August primary only 10 days away. The developments:

1. Thomas J. (Tom) Kane, former manager of theaters in San Mateo and Redwood City, filed nomination papers for the office of county controller.

2. James Rolph III, son of the late governor and favorite son of San Mateo County, filed declaration of his candidacy of lieutenant governor on both Republican and Democratic tickets. Rolph is a registered Republican.

3. Harry G. Walsh of Menlo Park, brother of George Walsh, took out nomination papers for the office of justice of the peace in the third (south county) district, opposing Judge Edward J. McAuliffe.

Kane has resided in San Mateo County for 18 years. He is married, has four children, and lives at 153 Iris St., Redwood City. He has been managing theaters for 12 years, including 8 years as manager of the Sequoia Theater in Redwood City. For the past year he has been engaged in publicity and advertising work.

Kane promised the voters, if elected, an efficient, up-to-date administration of the affairs of the county controller's office.

Entry of Kane in the race for the controller's post now held by Edward M. Stack, who only recently returned to office after an illness of more than a year, proved to be one of the major surprises of the campaign so far. It had been reported that Kane was considering running for public office, but he had kept his plans quiet, even having W. C. Brown, a friend, secure his nomination papers.

Rolph, who is 34, said he was filing his declaration on the birthday of his pretty wife, Jane, who accompanied him to the courthouse this morning. It would bring good luck, he predicted.

He flew from Los Angeles yesterday to participate in the VFW convention at the San Francisco and Los Angeles Junior Chambers of Commerce at Oakland today. He said he would fly back to Southern California tomorrow morning.

"They're betting 3 to 1 that we defeat all Republican opposition in the south by 25,000 votes," he announced.

Like his famous father, Rolph is touring the counties, having visited 25 of them in the past 24 days. Young Rolph lives on the Alpine ranch just west of Redwood City. Should Walsh actually file, it will mark the first time Judge McAuliffe has ever been opposed for the judgeship. He was appointed to the office in 1927, then was elected without opposition in 1930 and 1934.

The Roman are supposed to have introduced the art of brewing beer into Britain.

Plans for the recently-formed San Francisco Peninsula Inc., Peninsula-wide advertising organization, to handle all of San Mateo County's publicity during the coming World's Fair year were announced today by members of that organization following an informal meeting with the board of supervisors at which such a scheme was tentatively agreed upon.

Principal advantages seen from this plan were:

1. All duplication and waste in extolling advantages of the Peninsula to the thousands of expected visitors to the fair would be avoided.

2. Cost of the program would be no greater than under the present setup, a certain tax levy having been made each year anyhow for exploitation purposes.

In addition, all expenditures of San Francisco Peninsula Inc. would remain within control of the supervisors, the SFPI remaining principally as a publicity adviser for the board.

PLAN TO BE MAPPED

Acting on the tentative agreement made at the executive session of the SFPI, in conjunction with a professional advertising agency, will work out a plan of advertising and submit it to the supervisors for formal approval.

Although no definite amount of money to be spent by the county for the plan was agreed on, supervisors said it appeared at least \$22,000 in county funds would be available. This would be in addition to the \$10,000 allotted to the annual fiesta and \$5000 which has been committed to the State Chamber of Commerce and similar organizations.

Because the \$22,000 will not be sufficient to publicize the Peninsula in a manner which would adequately compete with plans already made by East Bay and Marin County districts to exploit their residential and industrial possibilities SFPI plans also to seek more funds from all municipalities and from Santa Clara County, funds from the latter going principally to advertise the northern end of that county.

CENTER AT EXHIBIT

Center of activity in the campaign to induce visitors at the Golden Gate International Exposition to see the Peninsula, and possibly return here to live, is expected to be the Mission Trails Building, being constructed on Treasure Island, fair site, by the coast counties, it was agreed. Here may be arranged displays depicting the beauties and advantages of San Mateo County; here may be distributed folders, such as those now being prepared by a committee composed of chamber of commerce secretaries from Redwood City (Roscoe D. Wyatt), San Mateo (Gilbert D. Keitt), and Burlingame (Granville Browning), who have been working under direction of County Manager E. A. Rolison.

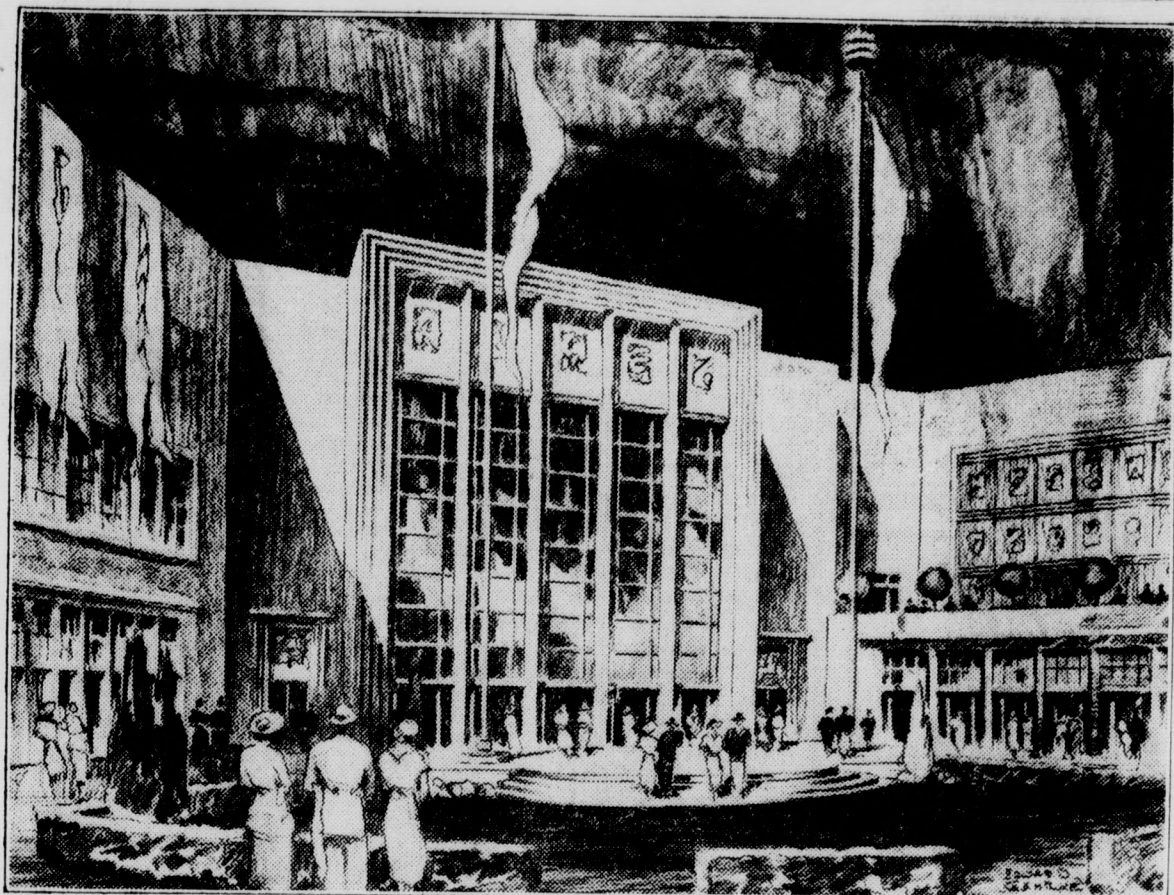

The entire plan as outlined by the supervisors and directors of SFPI is expected to win formal approval at the next meeting of the board, Manager Rolison, who suggested the general outline and many details of the plan, has given his approval.

Two Grass Fires In Highlands Area

Four and one-half acres of grass were burned in the Emerald Lake district Sunday by two fires to which the Woodside Fire Department responded. The first, near Emerald Lake 2, burned over 1½ acres. Within the next half-hour, three acres just south of the cross were burned. Origin of the blazes was undetermined, but it was reported by the fire department that persons had been seen in the area during the afternoon.

Hank Borowy, Fordham's sophomore pitching star who wound up his season with 10 victories and no defeats, is being sounded out by major league talent scouts.

GARDEN ENTRANCE TO STATE BUILDING

Presented today by the California State Commission—Florence M. McAuliffe, Chairman, and Charles H. Purcell, Executive Officer—is the above artist's conception of the Garden Entrance to the California State Building, to be constructed on Treasure Island for the 1939 Golden Gate International Exposition. Spacious and attractive, the large court will afford an impressive view of various County group buildings.

NEW PACIFIC COAST CHAMPION

A 1938 Chrysler Royal recently won the Pacific Coast stock car racing championship when Fred Agabashian, pictured here, placed first in a grueling 250-mile race at Oakland. Twenty-four stock automobiles were entered, and according to Harry Dearborn of Dearborn Motor Sales, Chrysler-Plymouth dealer here, the event afforded dramatic proof of Chrysler's finer engineering and its ability to "stand the gaff."

City's Band Brings Comments at Parade

Redwood City was "put on the map" at San Jose Tuesday when the municipal band marched in the Veterans of Foreign Wars convention parade witnessed by an estimated 70,000 persons. Described as the most awe-inspiring parade ever seen in San Jose, the illuminated spectacle was two miles long and took three hours to pass—consequently bandsmen arrived back in Redwood City in the "wee small hours" today. Although the local band won no award, being exceeded in its class by San Luis Obispo, the 159th infantry and San Jose Municipal bands, which won the first three prizes, the organization attracted much attention and favorable comment along the route, local spectators reported. Miss Nancy Marlowe, drum major, led the band.

Mrs. Mary Stanton Dies at Menlo Park

Mrs. Mary Stanton, a resident of Menlo Park for half a century and of the Peninsula for 66 years, passed away at 10:30 a.m. Tuesday at her home at 1134 El Camino Real, Menlo Park, at the age of 84. She had been ill for three and a half years. Mrs. Stanton, who came to San Francisco from France at the age of 16, was the widow of William Stanton, who died in a grade crossing accident here in 1887. He was a livery stable operator and farmer. Surviving relatives include her daughter, Mrs. Mary Rahtje, and two grandchildren, Eloise and William Rahtje, all of Menlo Park. Mrs. Stanton before moving to Menlo Park lived in Mayfield, Portola and Woodside. She still has land holdings in the Portola district, which is directed by Dr. R. Lee Otis.

San Jose Vote On Port Project Called by Board

SAN JOSE, June 14—Citizens of San Jose will vote in November on whether or not to issue \$990,000 in bonds to finance the long-projected deep water port project on lower San Francisco Bay. Farthest port south now is at Redwood City.

This was the decision the city council reached last night following a public hearing on the proposition to incur the indebtedness for the harbor—providing federal funds to the extent of \$810,000 can be earmarked for the project.

In addition to the two sums, a total of \$300,000 in federal rivers and harbors money for dredging is already earmarked. Wilbur Henning, long-time champion of the port, told the council.

The move marked the first time in more than 30 years of intermittent San Jose port agitation that the project has been placed before the voters. A port district, formed by vote on Aug. 27, 1935, was dissolved when contested by opponents as invalid. The project now concerns only the City of San Jose.

Henning argued for the port, said he was asking the election "on the grounds of American fairness," and declared that the project should go on the ballot only if "government funds can be earmarked for a period long enough to give the people a chance to voice their opinion." Henning is head of the realty board port committee.

Another proponent at the meeting was Mike Blanchfield of the Building Trades Council. Arnold B. Jamison of the realty board pointed out that the bonds would be self-liquidating. Lone opposition was voiced in a letter from George D. Abbott, realtor who contended that "the damage done by proposing more possible debt will generally affect all business."

An image of Marco Polo, who visited Hangchow (which he called Kinsay) in the 13th century, is still to be seen in the picturesque Lingyin Monastery.

MENLO PARK NEWS NOTES

MENLO PARK, June 16—Mrs. Marie Larreco, who has been quite ill for the past week, is reported out of danger and will soon be convalescent.

Rev. Fritz, pastor of Trinity Episcopal Church, has returned from his trip to New York.

Mother Moran, vice principal of St. Joseph's Parochial School, is quite ill with pneumonia. Mother Moran is very popular with her pupils, who are earnestly praying for her early recovery.

Mrs. Mary Stanton, a Menlo Park pioneer, passed away Tuesday at her home on El Camino Real at the age of 84 after a long illness. She has spent 66 years in this community, first coming to live in Mayfield as a young girl, after her arrival from her home in France.

Miss Evelyn Maloney gave a kitchen

Italian School Pupils To Give Program Saturday

As a demonstration of some of the things they have learned, pupils of the Italian School conducted for Italian children of Redwood City and Menlo Park will present a program Saturday evening at 8:15 o'clock at McKinley School auditorium.

The primary group's presentation will include "Inni Americani e Italiani," accompanied by Frances Rosso; "Diálogo de apertura," by Teresa Roberto and Luigi Ciardella; "La Signorina," monologo, by Teresa Biolo; "Tra fratelli," diálogo, by Aileen Marchi and Luciano Fabbro; "Il Trovatore," pianoforte, by Jeannette Demma; "Il fiore e il bimbo," recitazione, by Anita Bianchi; "I Soldatini," bozzetto comico, by James Ciardella, Aida Franco and others of the primary group, and "Solo per te," romanza, by Lucille Dossola and Frances Rosso.

The presentation of the secondary group will include "Cici," by Yolanda Dalla Costa; "La bambola," diálogo, by Mary Cereghino and Viola Albertoli; "Parla l'albero fiorito," poesia, by Anna Biolo; "Conzone Italiana," acconcordia, by Rosa Esenne; "Vital di Scuola," by Frances Rosso and Bruno Fabbro, allievi classe di Menlo Park; "Il bel Paese," riassunto geografico, by Norma Contorno; "I tre colori," diálogo, by Anna Maria Petrucci and Elvira Dossola, and "Monologo di ringraziamento," by Ilda Gagliasso.

Guest of honor at the program will be Prof. G. P. Mannu of San Francisco.

The children have been instructed by Mrs. J. Manza.

72-Mile Speeder Pays \$15 Fine Here

Fifteen dollars was the heaviest fine collected in Judge Edward L. McAuliffe's traffic court last week. The fine was paid by Ralph E. Pettit of San Jose for speeding 72 miles an hour.

Five dollar speeding fines were paid by George Rasmussen of Fresno and Ricardo J. Gutierrez, San Francisco.

Two dollar fifty cent assessments for speeding were levied against Lura Black, Clayton B. Turner, Henry N. Hill, William Powell, Willard H. Lyman, all of San Francisco; Charles Fee, Los Angeles; Dean Schoenberg, Fresno; and William A. Hammond, Stanford.

Not content with mere fingerprints, Scotland Yard is studying palmprints with the idea of using them for criminal identification, if practical.

on shower in honor of Miss Ursula Wilson Wednesday at her home in Stanford Park. The pretty bride-to-be is to be married to Frank Maloney in the late summer. Miss Wilson is a graduate of San Mateo Junior College and is a resident of Palo Alto.

Sergt. T. P. Maloney of the San Francisco Police Department entered St. Mary's Hospital yesterday for an operation. Mr. Maloney will retire from the department in a few months, having served over 35 years on the force. After his retirement he will most likely spend the greater portion of his leisure at his summer home near the Coon bridge.

Mrs. Catherine Derry and Mrs. John Murray will leave on Sunday for Santa Barbara to attend the Grand Parlor of the Native Daughters. They are delegates from Menlo Parlor, NDGW.

BREAKS WRIST AT PLAY
Phil Roberts, 12-year-old son of Mr. and Mrs. J. L. Roberts of 1302 Hopkins Ave., broke his left wrist while playing in a tree at Hopkins and Lowell Aves. on Tuesday. He was treated at the Mason & Monteith Emergency Hospital.

LEGAL
JOSCE E. JORDAN, Esq., Atty. SUMMONS No. 28306

IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA, IN AND FOR THE COUNTY OF SAN MATEO.

VIOLET E. LARY, Plaintiff, vs. JAMES F. TRAYNOR, WILLIAM BRODERICK, FIRST DOE, SECOND DOE, and THIRD DOE, Defendants.

Action brought in the Superior Court of the State of California, in and for the County of San Mateo, and the complaint filed in said County of San Mateo in the office of the Clerk of said Superior Court. The People of the State of California Send Greetings to:

James F. Traynor, William Broderick, First Doe, Second Doe, and Third Doe, Defendants.

You are hereby required to appear in an action brought against you by the above named plaintiff, in the Superior Court of the State of California, in and for the County of San Mateo, and answer the complaint filed therein within ten days (exclusive of the day of service) after the service on you of this Summons, if served within said county, if served elsewhere within thirty days.

And you are hereby notified that if you fail to so appear and answer, the plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Witness my hand and the Seal of the Superior Court of the State of California, in and for the County of San Mateo, this 15th day of April, A. D. 1938.

W. H. AUGUSTUS, Clerk. By ALMA PAGANINI, Deputy Clerk.

HOST LEAVES DINNER PARTY, KILLS SELF IN DESPONDENCY OVER HEALTH

DAILY CITY, June 13.—Excusing himself from the room where his wife, his two small children and other relatives had gathered shortly before dinner last night, Christian John Eggers, 35, Daily City, walked into the basement of his home and fired a rifle bullet through his brain.

As soon as Mrs. Eggers heard the shot she notified police. When

Run down cars ran up bills; trade now for one of the cars listed in the Want Ads.

officers arrived one of her relatives, whose name was not learned, accompanied them to the basement, where they found Mr. Eggers' lifeless body sprawled face down on the cement floor.

Authorities said that he had attempted suicide once before but that the revolver he was planning to use had been taken away from him.

His act was said to have been caused by despondency over ill health. In addition to his widow, he is survived by his two children, Neil, 5, and Mae, 1½.

TEACHERS TO AID FARLEY
When Stanford University's forthcoming conference on "social education" convenes July 6, three Redwood City educators will participate. They are Principal A. C. Argo, Dean of Girls Camilla Low and Social Science Instructor Ronald S. Anderson, all of Sequoia High School.

The Chengtu plain in Szechwan province, China, is irrigated by a system which has been in continuous operation for 2000 years.

RADIO SAVINGS TOLD

Whether you wish a small table set or a large push button console model, Western Auto Supply Company's Mid-Season Sale offers greater radio savings than ever, according to the local manager of the company. He advises that the store-wide sale also includes tires, batteries, seat covers, oils and camping goods.

James Flood Weds At Brilliant Rites

James Flood of San Francisco and Menlo Park and Miss Elizabeth Dresser were married late Monday afternoon in one of the most brilliant ceremonies San Francisco has seen in several years. Setting for the event was Trinity Episcopal Church. A reception for more than 500 guests followed at the Flood home on Broadway.

The bridegroom is the son of the late James L. Flood, whose name is closely identified with the early history of the San Francisco Peninsula, and of Mrs. Flood. His bride is the daughter of Mr. and Mrs. John Dresser of San Francisco.

The newlyweds will leave this evening for New York to sail on the Queen Mary for a honeymoon trip to England. After several

San Francisco Plans Property Suit Appeal

A clerk's transcript for an appeal to the supreme court of the suit of the City and County of San Francisco against San Mateo County, Assessor Daniel P. Flynn and Tax Collector Ambrose McSweeney to recover taxes paid on replaced improvements to the San Francisco water system was on file today.

The city and county sued on the grounds that the new improvements were not taxable, and that the old improvements they replaced no longer existed. Judge Maxwell McNutt found for the defendants May 19.

There have been 14 weddings in the White House since 1811.

months, they will return to San Francisco to take up residence in their own apartments in the Flood mansion.

I get the blame when I'm not so hot!

"If I don't live up to my label, 'HOT,' it is no fault of mine. Yet there are folk who try to twist my neck off when I'm not so hot. If I was connected with a water heater that ran itself without depending upon someone to start it and stop it, I would be faithfully serving hot water 24 hours a day." . . . signed H. FAUCET

With summer right at hand every faucet in your home that is labeled hot, should be instantly able to deliver hot water when you need it. Quick shower and tub baths will freshen up your body and spirits. Stockings and dainties doused in warm sudsy water and thoroughly rinsed are quickly made sweet and clean. In the kitchen and in the laundry, hot water on tap is a most welcome hot weather helper. Make sure your home has this kind of service an Automatic Gas Water Heater can best provide. As little as ten cents a day will buy and install an Automatic Gas Water Heater in your home.

Real Estate Sign Accord Blocked; Ordinance Seen

Redwood City's real estate sign problem appeared today to be heading back to the city council for solution.

Realtors who recently asked the council to pass an ordinance reg-

ulating size and quantity of the signs in the city, then withdrew their request when dealers decided on a "gentlemen's agreement" solution to the problem, reported that some of the brokers had declined to sign the pact and that therefore the ordinance method appeared the only solution.

It was at a meeting of the Redwood City District Real Estate Board Tuesday noon that it was disclosed that some of the brokers had refused to co-operate with

the majority. Fourteen of the dealers, it was reported, already had signed the agreement, while at least three more had indicated they would sign as soon as they could be contacted personally. Three brokers, however, had declined for one reason or another.

Some of the dealers even have removed all their signs from the city already, in accordance with the "gentlemen's agreement." Others are taking them down as fast as they can get to it. In some

cases, it was explained, signs of dealers who are removing them have not as yet come down for the reason that their locations have not been discovered by the owners, no record having been kept of the locations when the displays were installed.

Spokesmen for the realty board said that inasmuch as the majority plainly wanted the signs eliminated in order to improve appearance of Redwood City, they would go to the council again

In Britain, 68.3 out of every 100 families had a license to use a radio at the end of 1937.

Chinese babies deserted by parents have little or no chance of survival these days, even when picked up and given proper attention. Undernourished mothers are given as the cause.

asking it to pass an ordinance unless the other dealers whose signs still remain up agree to take theirs down.

Pea Picker Number Exceeds Coast Jobs

Social welfare officials looked with apprehension at a serious condition in the Coastside pea-picking camps today, where a peak population of 1086, including men, women and children was registered with 30 per cent less work to be done than a year ago. Peak pea-picker population last year was 817.

Yosemite's Mighty Waterfalls

The most magnificent water display in the world is concentrated in an area of only a few square miles in Yosemite National Park, California. Pictured above are Yosemite's five major falls: (upper left hand corner) Vernal, most symmetrical of the park's falls, bending over its brink in a silvery sheet eighty feet wide to drop 317 feet; (upper right hand corner) Bridalveil, famous for its rain-bows, making a sheer drop of 620 feet and sending

up billowing clouds of spray; (center) Yosemite Falls, descending a total of 2,555 feet in two giant free-leaping falls separated by a third of a mile of cascades; (lower left) Nevada, whitest of all falls, making a plunge of 594 feet and sending down showers of rocket-like streamers; and (lower right) Illilouette, tumbling down a precipitous mountainside for a distance of 370 feet.

Scholarships Given At Mt. Carmel Rites

Four-year scholarships to Notre Dame High School at Belmont were awarded to Jeanne Pallanche and Jacklyn Palm Sunday at the commencement exercises held at Mt. Carmel School for graduates of the eighth grade class.

A one-year scholarship to Bellarmine Preparatory School in San Jose was awarded to Jack Reynolds, while American Legion awards for scholarship and citizenship went to

John Misz, class president, and Mary Graham. The class scholarship award was won by Luciano Fabbro; the religion medal by Mary Scriven, and perfect attendance certificates by Mary Linus, Virginia Naylon, Jacklyn Palm, Jack Reynolds and Mary Scriven.

The commencement program included the processional Marche Pontificale by Gounod, singing of Jubilate Deo by the school choir, an

After an absence of seven months, rickshaws are again permitted to operate, in limited number, in the Japanese controlled area in Shanghai.

address and conferring of graduation honors by the Rev. Father John P. Cavanagh, the benediction of the blessed sacrament, and the recessional by E. Baptiste.

Thirty-five graduates received their diplomas at the exercises. Mt. Carmel School will re-open Aug. 29 for the Fall term.

3 REASONS WHY YOU SAVE

AT WHITE OAK MARKET

1. Quality

You can effect no greater saving than by purchasing food products of known quality—foods that are nationally recognized as being "the best." Here at White Oak Market you will find just these products, in groceries, meats and produce.

2. Convenience

Handy, free parking facilities eliminate the fuss, bother and expense of hunting a parking space. And, too, if you find it inconvenient to come down town to do your shopping, free delivery service in San Carlos and Redwood City will bring your food needs direct to your home.

3. Price

At White Oak Market, you pay no more for the high quality merchandise or for the convenience. We price all items on a basis to save you money in your purchases.

THIS CURIOUS WORLD

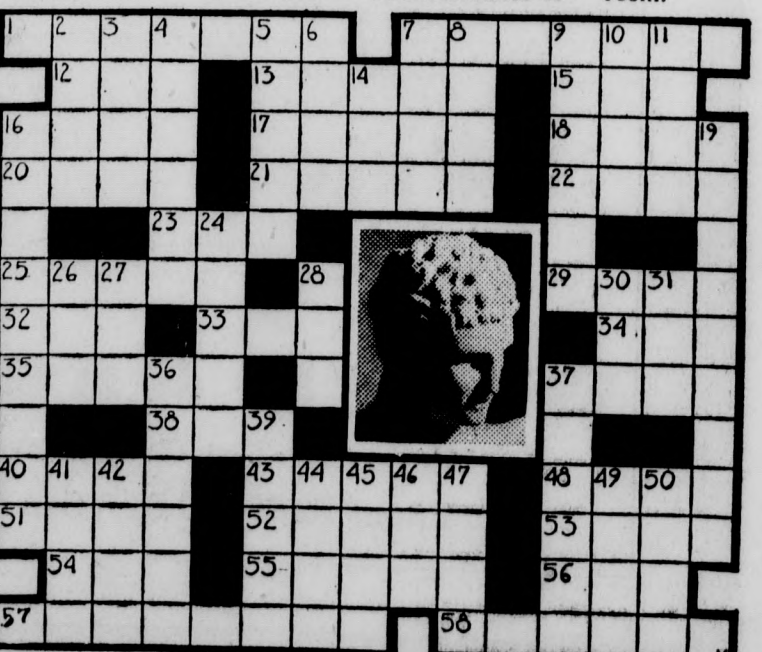

By William Ferguson

DR. ROBERT ELMER, a former archery champion, played what is believed to be the first game of archery-golf ever played in the United States, and perhaps in the world, in 1910, at the Saint David's Golf Club, near Wayne, Pa. His opponent was the club golf champion, F. J. Wendell. The match was halved.

Sequoia Area Construction One Is Injured Worker Asked Of T. B. Unit As Valve House Is Also Urged Blazes Quickly

Non-Partisan League
Renews Requests
Of Last Year

Three Others Barely
Escape in Explosion
At Five Points

An independent YMCA organization in the Sequoia High School District.

That was the goal set for next year by the local committee of the Young Men's Christian Association when it met at the home of Wilbur H. Duxee Tuesday night.

In the belief that 'Y' work here has grown to the point where it justifies employment of one man to devote his full energies to the program in Menlo Park, Atherton, Woodside, Redwood City, Belmont, San Carlos and adjacent areas, the committee decided that they would work toward that end.

Cuthbert E. Currie, chairman of the county finance committee, was directed to ask his group to work out a recommended budget which would provide for employment of two secretaries, one to devote his time to the Sequoia district. It was pointed out that such an enlarged program probably would cost not more than \$6000, of which the Sequoia district would be required to raise \$3000. This year a total of \$2300 was raised here.

At present Secty. Thomas W. Badley is the only full-time man employed by the YMCA in San Mateo County. Although he lives in Redwood City, he serves the full county.

Further plans considered for enlargement of the program included decision to organize about four more high school groups, consisting of Hi-Y and Junior Hi-Y organizations.

A committee to study and recommend definite policies and a program for next year was named to consist of A. C. Argo, J. E. Morish, Rev. C. E. Ward and W. Earl Whitaker. Among matters to be considered is whether or not the program would be confined almost entirely to boys' work or would include work for young men and adults.

Progress in the YMCA-led move to save the Butano forest on Pescadero Creek, threatened with logging, was reported by Secretary Badley, who read correspondence from the Hillsborough Garden Club, Dr. Ray Lyman Wilbur, president of Stanford University, and others. Dr. Wilbur expressed hope funds would be found to purchase the lands for use as a public park.

The committee will meet again Thursday, June 30, at 6 p.m. at the 'Y' camp in Memorial Park to give further consideration to the budget and consider other matters.

Removal of Dr. Charles C. Gans as director of county health and welfare, and dismissal of the entire public health board was recommended to the board of supervisors Tuesday by 2 labor organizations, Labor's Non-Partisan League of San Mateo County and the International Worker's Order.

John Reynolds, spokesman for the two groups, urged the board to set the matter for hearing within two weeks, and to ask the United States Department of Public Health to make a survey of the county health department.

Reynolds was recalled as being active in organizing the 1933 "hunger march" on Redwood City.

On motion by Supervisor James S. James, communications from the two organizations were filed for future reference.

'PROGRESS BLOCKED'

Labor's Non-Partisan League, of which Frank M. Price of Redwood City is chairman and Mrs. Adele De Witt of Burlingame is secretary, urged the removal of the health board because "it had constantly blocked all progressive and modern health measures."

The communication declared that the secretary of the health department is also head of the hog ranchers' association and cannot act aggressively against unhealthy conditions in that industry.

Removal of Dr. Gans was urged because, the letter contended, he has shown himself "wholly unfit."

Other recommendations: (1) Making of application for PWA funds to build a 100-bed, fireproof tuberculosis pavilion, (2) establishment of countywide health clinics, and (3) countywide nursing serving and health education facilities, and (4) making of applications for low cost housing projects for the county where "housing conditions are deplorable."

Such improvements could be financed, the league's letter said by increased tax revenue from property constructed in the last two years, economy in road department expenditures, and reduction in salaries of all county officials except superior court judges who are receiving more than \$3500 per annum.

The communication also contained an attack on the Civic League, which represents, the letter said, "a small minority consisting of wealthy people who are not in need of either relief, health service or schools."

OTHER BUSINESS
The league represents a "certain small clique in this nation who while shouting about the institutions of this country are trying to undermine them from all sides," the letter said, asking the board to ignore the "attack" made currently by the league on relief, hospital and school costs.

The International Worker's Order asked for the same program plus a new wing and operating room at the hospital, new nurses' quarters and recreational facilities, increase in nurses' pay and in all lower paid brackets, and increase in budgets for social service clients to meet rising costs of living.

The supervisors by ordinance established a 20-foot setback line on Bayshore Hwy. between Redwood City and San Mateo, and by resolution ordered the controller to forward a warrant for \$38,000 from the county road fund to the state highway division as the county's share in the La Honda "farm to market" road project.

The board adjourned at noon to discuss 1938-39 advertising plans with San Francisco Peninsula Inc.

Mrs. Mae Duttweiler
Dies After Illness

An illness of three weeks' duration ended in death at 8 o'clock Monday for Mrs. Mae Duttweiler, wife of Frederick Duttweiler of 143 Somerset St. She passed away in the University of California Hospital in San Francisco, where she had undergone an operation a week ago today for a kidney ailment.

Mrs. Duttweiler, a resident of Redwood City for the past 20 years, was born May 22, 1893, in San Francisco. She was the daughter of Mrs. Katherine Bowie, a native of Menlo Park. Mrs. Bowie made her home with the Duttweilers.

Beside her husband and mother, Mrs. Duttweiler leaves three children, Jack, who was graduated last Friday night from Sequoia High School; Frederick Jr., who was graduated a year ago, and Patricia, student in the elementary school.

One of Mrs. Duttweiler's chief interests outside her home was the Redwood City Humane Society, in which she had long been an active worker.

Explosion of a mysterious gas in a 66-inch Hetch Hetchy water main at the Redwood City valve house on El Camino Real just south of Five Points Tuesday morning trapped four welders, one of whom was slightly injured in making his escape through a window from the smoke-filled structure.

A geyser of flame 10 feet high shot up through a manhole inside the building.

The blaze, which spread to the building and to the tar-dip covering inside the giant pipe with great rapidity and intense heat, was extinguished with tetra-chloride gas bombs by the San Mateo County Fire Department.

CUTTING INTO LINE
According to L. T. McAfee, San Francisco Water Department engineer in charge of the construction of the 36-inch line from Redwood City to Palo Alto, the four men were cutting the 66-inch line, one of the two main water lines of the Hetch Hetchy system, to remove a valve when the mysterious explosion occurred.

Verne Campbell, Art Wright and George Nelson, all San Francisco welders in the employ of the Peerless Welding Co., sub-contractors, made their way from the blazing pipe up the stairs and through the door.

The fourth man, Charles Ehle, was blinded by smoke. Unable to reach the door, he broke a window through which he made his escape. He was cut slightly.

OTHER NARROW ESCAPE
Only by accident did Louis Sina, another welder, escape cremation in the pipe. He was scheduled to enter the manhole where the explosion took place. At the last minute he went outside again to get a full tank of acetylene.

The building was charred by smoke but was not seriously damaged. The heat of the blaze inside the pipe melted the paint on the outside.

According to McAfee, the pipe had been emptied for about a quarter of a mile. Source and type of the explosive gas was a mystery, he said, and the men would not be put to work on the project until a gas detector instrument arrives to make tests.

Louis A. McAfee of Redwood City, engineer in charge of the work at the valve house, said the flow of Hetch Hetchy water to Spring Valley Lakes would not be affected by the accident.

Although Jefferson's Declaration of Independence was adopted on July 4, 1776, the colonies had adopted the resolution of independence July 2.

There are 35 known species of the birch.

Tax Savings Seen In Sewer District

MENLO PARK, June 14.—Tax savings of as much as \$100,000 may be effected through the organization of a unified southern county sewer district, Chairman E. M. Rankin of the Southern San Mateo County Taxpayers' League announced at a meeting last night.

Basing his remarks on the preliminary reports of County Engineer U. S. Marshall and Asst. Dist. Atty. Daniel E. Sullivan, Rankin said that an enabling act will be sought from the state legislature to open the way towards consolidation of sanitary and sewer districts. Marshall and Sullivan were directed by the board of supervisors to report on the advisability of the unified district.

The Vinson bill which has been introduced into Congress allows for federal aid to districts and cities for the construction of reduction plants. If it is not passed the proposed district still would have an excellent chance of obtaining a WPA grant, he said. It was also observed that the U. S. Veterans' Administration Facility may contribute to the proposed unified sewer district in return for the use of its disposal facilities.

Preliminary plans call for the building of intercepting sewers to drain into the 30-inch North Palo Alto outfall. A natural fall exists from Menlo Park and East Palo Alto towards North Fair Oaks, with the exception of the O'Connor tract, where pumping or by-passing would be needed to cross a slight rise, Rankin explained.

Second Arrest Really Makes Speeder Angry

Arrested twice in 10 minutes, Edward A. Roberts, 48, San Jose business man, spent Saturday night in jail. He was first tagged by State Highway Patrolman Warren Moor near Mountain View at 7:45 p.m. He explained that he was in a hurry. Sgt. Manfred Walzberg and Patrolman James Dalziel stopped him in Redwood City at 7:55. This time Roberts angrily refused to sign the citation and was booked at the jail. Sergeant Walzberg clocked Roberts at 75 miles an hour. He was freed on \$100 cash bail Sunday morning after his temper had cooled somewhat.

Witt Dairy Employee Held, Records Found

Miss Muriel Griser, former employee of the Witt Dairy accused of embezzling records of the firm, was arrested Saturday night in San Francisco and held in lieu of \$500 cash bail or \$1000 bond for San Mateo County authorities.

Albert Witt, proprietor of the dairy and former supervisor, signed the embezzlement complaint Saturday afternoon. He alleged that the missing records might conceal a collection racket. All of the records but one volume were recovered, it is understood.

The first advertisement printed in a newspaper appeared in the "Impartial Intelligencer" of London in 1648, announcing a reward for the return of two stolen horses.

ATTENDING MOVIES MOST POPULAR PASTIME OF REDWOOD CITY YOUTH

Movie attending, bicycling, radio listening—

These appear to have been the three most popular pastimes of Redwood City youth during the past year.

The survey of 1104 girls and 1280 boys, made in recent weeks by the Redwood City Recreation Department, showed that result in a compilation of questionnaires just completed by the WPA recreation department under direction of H. V. De Armond. A compilation of what the youngsters, who range in age from 9 to 19, would like to do showed last week that swimming is expected to be the most popular sport this Summer.

Boys and girls both agreed that attending the movies had been the most popular diversion this Winter.

Of the girls, 62 per cent listed movies as a pastime, with bicycling (54 per cent), radio listening (53 per cent), reading (52 per cent) and roller skating (50 per cent) following in that order.

Of the boys, 57 per cent reported they attended movies. The same number, however, listened to the radio. Fifty-one per cent said they spent some time bicycling; 46 per cent played basketball; 46 per cent swam; 42 per cent went on hikes; the same number enjoyed automobile rides; and the same number played softball.

Winning lowest favor with the boys were story telling, writing poems, practicing dramatics and archery, each being enjoyed by 4 per cent. Other little-enjoyed pastimes were writing stories (5 per cent), art (6 per cent), croquet (7 per cent), vocal music (9 per cent).

Meeting least favor with the girls were wrestling and archery (1 per cent), boxing and puppetry (2 per cent), soccer and roller skate hockey (3 per cent), touch football (4 per cent), story telling, art and dramatics (6 per cent), croquet, track and field (7 per cent).

Evident in the survey is the growing popularity of archery. Listed as low in the "what they do now" group, archery ranks fourth for boys and 12th for girls in the list of "what they want to do."

Results of the survey are to be used by the recreation department in choosing what sports to offer Redwood City youngsters during the next few months.

GRASS FIRES EXTINGUISHED

Redwood City firemen were called Sunday to extinguish two grass fires. One was at Katherine and Elwood Sts. at 10:23 a.m., the other at King and Whipple Sts. at 5:41 p.m.
